

De Bono's Six Thinking Hats – evening workshop

What?

This lively, interactive mini-workshop will introduce you to the powerful “Six Thinking Hats” method created by Edward de Bono.

A simple parallel thinking process, the Six Hats approach can help you and those you work with to strengthen critical thinking, run productive and collaborative meetings, take effective decisions, and explore issues more quickly to generate creative solutions.

Join us for this fun and informative evening workshop to find out what this method can do for you in a range of professional contexts!

Host and facilitator: Sarah Clark, www.clearthinking-clearcommunication.ch
